

DUNS NUMBER AND CCR Registration

A D&B® D-U-N-S® Number is a unique nine-digit sequence recognized as the universal standard for identifying and keeping track of over 100 million businesses worldwide. Why should you have a D-U-N-S Number?

- It enhances the credibility of your business in the marketplace
- It enables potential customers, suppliers and lenders to easily identify and learn about your company
- The U.S. government and many major corporations require their suppliers and contractors to have a D-U-N-S Number

If you do not have a DUNS number, call Dun & Bradstreet at 1-866-705-5711 and follow the automated prompts. You should receive your DUNS number at the conclusion of the phone call.

After you get your DUNS number, you can register by phone at 1-888-227-2423 or register online at <http://www.ccr.gov>. CCR has developed a worksheet/checklist (7-page PDF) to help you with the process, which can be accessed at <http://www.ccr.gov/CCRRegTemplate.pdf>. This should take 1-3 days to gather the internal information needed to prepare the application and you Commercial and Government Entity (CAGE Code) within 1 business day from the point of submitting the CCR Registration.
